Coloured Sign Vinyls

TECMARK 3000 Series are high quality monomeric calendared 70 µm vinyl, glossy/matt, coated with an environmental friendly acrylic dispersion pressure sensitive adhesive (semi-permanent). A perfect glossy/matt face film in addition to high flexibility and conformability make the product suitable also for non-smooth surfaces. Especially designed for vehicle lettering, decorating of windows, signs, etc. with excellent plotting, weeding and application characteristics.
